#2: Approval of Budget 2025	Mads: the budget has changed due to the changed tutoring structure. The funds from unions are less now due to less work with them. We still have a high equity, so we still need to have a deficit, but it has to be healthy. So in essence the tutoring money has changed and we get less from unions. The election budget has been lowered to 48.000kr which is reasonable for the election period, as long as we are more smart about the budget – order the posters earlier etc. The UB budget was halved, and due to Mille running for and getting the vice chairpersonship she is unable to get that honorarium which means this budget has been cut down ³/₄. The student employee position will be cut from the end of June which lowers that part of the budget. The insurance is very high at the moment, but it will be lowered for the 2026 budget. We are trying to negotiate with RUC to increase the RUSK chairpersonship honorarium due to it being unchanged for 10 years, but no changes have been made yet. We are also looking into increasing the tutoring houses material budget so that might increase later. Sofie: would like a written description on our decision on why we lowered UB for clarifications for the future SR generations Budget 2025 has been approved – unanimous vote
